

“Treasure Chest” of information for newly diagnosed prostate cancer patients

To: Newly diagnosed prostate cancer patient

From: Manitoba Prostate Cancer Support Group

This assembled trove of selected information provides an entry point into the Manitoba prostate cancer community. It is intended to help patients become a part of that community, which offers support and encouragement to those who desire it.

The electronic version of this material provided here replaces the previous hardcopy material, which is no longer available. The digital version offers many advantages over the printed form, including ease of access, superior image quality, simpler storage and retrieval, and easy follow-up of interesting material via the internet.

The material in this “Treasure Chest” represents just the “tip of the iceberg” as far as prostate cancer information is concerned. You are encouraged to explore the broader field that is easily accessible digitally.
