

Prostate cancer treatment options in Brandon, Manitoba. 🌿

In Brandon and the surrounding region, there are a couple of key centers where patients can receive care for prostate cancer:

1. Western Manitoba Cancer Centre (WMCC):

- The **WMCC** serves as a vital hub for cancer treatment in the region. While it provides comprehensive cancer care, including prostate cancer, it's essential to note that it's not exclusively focused on prostate cancer.
- **Location:** 300 McTavish Ave E, Brandon, MB R7A
- **Phone:** (204) 578-2222
- **Hours:** Monday to Sunday, 8 a.m. to 5 p.m.
- The WMCC offers chemotherapy, radiation therapy, and supportive care services. [It's part of the broader Prairie Mountain Health network, which acknowledges the original lands and traditional territories of the Cree, Dakota, Anishinaabe, Oji-Cree, and Métis peoples¹.](#)

2. Brandon Regional Health Centre:

- The **Brandon Regional Health Centre** is another important facility in the area. While it provides a range of medical services, including cancer care, it's not exclusively dedicated to prostate cancer.
- **Location:** 150 McTavish Ave E, Brandon, MB R7A 2B3
- **Phone:** (204) 578-4000
- [The health centre collaborates with the WMCC and other regional and community cancer programs to ensure patients receive appropriate care close to home².](#)
